### Facebook Posts

“Together, Zinc+ORS stops diarrhoea, restores strength, and even save lives. Yet, only a fraction of children who need treatment are receiving it. We’ve created free and adaptable resources to assist all partners in their efforts to save lives. Learn more at <http://zinc-ors.org>”

“Diarrhoea kills 800,000 children every year. But it’s easily treatable with Zinc+ORS. [MY ORGANIZATION] and our partners have created free and adaptable resources to help promote the use of zinc and ORS, and give children the strength to fight.” Link: <http://zinc-ors.org>

“Zinc+ORS is a new campaign to help organizations promote this lifesaving treatment for child diarrhoea. Download free materials and help give children the strength to fight. Learn how to get the most out of these tools: <http://zinc-ors.org/>”
